1. INTRODUCTION

- 1.1 Shareholders are referred to the announcement released by the Company on SENS on Friday, 12 June 2020, wherein the Company advised that given, *inter alia*, the impact of COVID-19 on the business of the Group and the requirement for Sun International to improve its liquidity and strengthen its balance sheet in the short- to medium-term, it would approach its Shareholders for a capital raise exercise.
- 1.2 The Board has decided that a capital raise exercise would be beneficial for Sun International and that it intends raising approximately R1,200 million in gross proceeds by way of the Proposed Rights Offer.

2. PURPOSE OF THIS CIRCULAR

- 2.1 The purpose of this Circular, and accompanying Notice of General Meeting, is to provide Shareholders with relevant information as regards the proposed amendments to the MOI and the Proposed Rights Offer. This information will enable Shareholders to make an informed decision as to whether or not they should vote in favour of the resolutions to be proposed at the General Meeting.
- 2.2 A General Meeting has been convened in terms of the Notice of General Meeting as attached to this Circular, for Monday, 13 July 2020 at 09:00 or at any other adjourned or postponed time and date determined in accordance with the provisions of the Companies Act, as read with the Listings Requirements, at which the Shareholders can consider and if deemed fit, pass, with or without modification, the resolutions as set out in the Notice of General Meeting attached hereto.

3. THE PROPOSED RIGHTS OFFER

3.1 Background to the Proposed Rights Offer

As reported in the Company's financial results announcement for the year ended 31 December 2019, which was released on 16 March 2020, the 2019 financial year marked a period of critical inflection in terms of delivering against the Company's strategy to drive sustainable growth and profitability and unlocking value in the business. The Board remains focused on Sun International's key strategic priorities which continued to be:

- investing in quality assets for growth;
- protecting and leveraging the existing portfolio;
- accelerating balance sheet de-gearing;
- driving efficiencies, optimisation and quality of earnings; and
- dealing with loss making units.

Sun International achieved significant progress against all of these objectives during the 2019 financial year. Total income for the year increased by 4% from R16.6 billion to R17.2 billion, primarily driven by above-market organic growth from key operations in South Africa and the impact of acquisitions made in Latin America ("Latam") during the prior year. Adjusted EBITDAR, was marginally up on the prior year at R4.6 billion, with pleasing margin expansion achieved in South Africa, offset by the impact of unexpected social unrest and instability in Chile. Given the increase in adjusted EBITDAR, lower interest and depreciation and a significantly lower effective tax rate, Sun International has achieved strong growth in adjusted headline earnings which increased by 109% to R763 million with adjusted headline earnings per Share increasing by 91% to 605 cents per Share.

During January and February, as well as the first two weeks of March of the current financial year, the Company continued to show a similar trajectory to that of the 2019 financial year. This trajectory ended on 15 March 2020 following the South African State President declaring a national state of disaster in an attempt to curb the spread of the COVID-19 pandemic.

Thereafter, with effect from midnight on Thursday, 26 March 2020, a national lockdown was implemented. In compliance with the lockdown, Sun International closed all of its hotels and casinos in South Africa. In Chile, in compliance with instructions issued by the Chilean Superintendency of Gambling Casinos, the Group also closed all of its casinos along with its hotels and food and beverage operations with effect from 18 March 2020. The relevant authorities also closed the Group's operations in Peru, Argentina, Colombia and Panama.

The Company's response to the crisis has been swift and decisive and includes:

- pro-actively engaging with the Group's lenders in respect of debt service and covenant waivers;
- immediately addressing the short-term liquidity risks, including a 60% reduction in payroll costs across the Group, deferring all capital investment other than critical spend, reducing operating costs and negotiating with service providers and suppliers for a either a waiver, reduction or deferment of payments;
- engaging and communicating with government, regulators, customers, suppliers and staff;
- formulating start-up operational post lockdown plans including detailed safety protocols for staff and customers;
- announcing the closure of both Naledi Sun and Sun Carousel;
- focusing on cost reductions, optimising working capital, prioritising capital investment, formulating plans to achieve operational efficiencies and articulating plans to restructure certain parts of the Group's business; and
- accelerating the disposal of certain non-core assets.

These actions have assisted the Group to significantly reduce costs and manage cash flow and available facilities. The costs that could not be eliminated entirely include employee costs, rates and taxes, licence costs, security, certain IT software and services, insurance and water and electricity. The table below summarises the approximate cash and amortised costs incurred for payroll and other expenses (excluding depreciation and amortisation) during April and May and the anticipated costs for June 2020:

	April 2020 Rm	May 2020 Rm	June 2020 Rm
South Africa	143	110	110
Payroll*	73	40	40
Other	70	70	70
Latam	68	76	76
Payroll	36	46	46
Other	32	30	30

* The reduction in payroll costs in May 2020 is due to the Group paying the higher of 40% of Total Cost Of Employment ("TCOE") or the Temporary Employee Relief Scheme ("TERS") benefit whereas in April 2020 employees were paid 40% of TCOE including the TERS benefit.

As previously advised to Shareholders, the Company is in the process of disposing of the Royal SwaziSpa in eSwatini and the Federal Palace Hotel in Nigeria. While Sun International anticipates receiving proceeds from these disposals, it will not provide any further funding to these two operations.

3.2 Rationale for the Proposed Rights Offer

Due to the anticipated challenges and uncertainty in the short- to medium-term and with the Group having to deal with the effects of a sharp decline in economic activity and prolonged closure of its operations, the Board has deemed it prudent to embark on the Proposed Rights Offer, which will improve Sun International's liquidity and strengthen its balance sheet. The proceeds of the Proposed Rights Offer will enable the Company to position itself for the resumption of full trading post the Covid-19 pandemic lockdown.

Sun International is a company with robust fundamentals, quality assets and a proven track record of being capable and resilient in dealing with the challenges that lie ahead. Amongst others:

- the Company has a highly experienced, committed and motivated management team with an experienced Board that is chaired by Jabu Mabuza, who himself has significant industry expertise and experience;
- at normalised trading levels, the Group is highly cash generative as demonstrated in its 2019 financial year where:
 - debt was reduced from R9.2 billion at 31 December 2018 to R8.8 billion at 31 December 2019 post the acquisition of Sibaya's minority interests for R593 million;
 - debt to adjusted EBITDA (after lease payments) was at 2.8 x, down from 3.0 x and significantly lower than the lender covenant of 3.5 x;
 - debt to adjusted EBITDA was at 2.6 x, excluding the Sibaya transaction;
- the Group operates in a sector with high regulatory hurdles which creates significant barriers to entry;
- the Group has made significant progress over the last few years in terms of improving the bottom line through continuous margin improvement, the restructure of several of its operations, reducing tax leakages, and long-term de-gearing enabled by high free cash flow conversion;
- the Group corporate office restructure was concluded in January 2020 with the benefits of this restructure still to reflect in the Company's results. Prior to the lockdown, the clarified structure was already beginning to deliver enhanced focus on the guest experience, meaningful head office cost reduction, and support continued margin improvement at our casino and hotel properties;
- in order to further reduce costs and improve margins, Sun International has during the lockdown period identified further opportunities to restructure its operations, which it is in the process of implementing;
- one of the Company's largest investments, Sun Time Square is well positioned for growth, which was demonstrated in 2019 with:
 - income increasing by 15% to R1.4 billion;
 - adjusted EBITDAR increasing by 42% to R452 million with margin improvement to 32%;
 - casino market share at 16.0% at 31 December 2019 up from the prior year's 13.6%; and
 - the hotel showing continuous improvement in occupancy and rates;
- the Group is also in the process of implementing initiatives to significantly improve the contribution of underperforming properties, with a full operational turnaround plan at Sun City already under way;
- alternative gaming continues to be an exciting and significant strategic opportunity for the Group. Sun International is well positioned to capitalise on online gambling opportunities in South Africa and Latam. SunBet, the Company's online sports betting business, has shown its potential during 2019 with income increasing by 82% from R77 million to R140 million and adjusted EBITDAR increasing from R8 million to R44 million, driven by customer numbers growth of over 60% in 2019 alone. The Group also recruited new leadership and invested in new software for the sport betting business and continues to positively engage with regulators around licencing and regulating online casino gambling;

- Sun International has significant brand loyalty. Its MVG tiered loyalty programme celebrated 25 years of serving and rewarding customers, showing a 5.2% increase in the active member base in 2019;
- the Group is well diversified with approximately 30% of its revenue been generated from Latam. The Chilean operations have a significant market share and are well positioned to further entrench this position; and
- management has identified a number of initiatives to further augment its liquidity position in the medium term, which includes:
 - disposal of property surplus to the Group's requirements;
 - making substantial progress regarding the disposal of Sun International's interests in eSwatini and Nigeria;
 - utilising an employer surplus in the provident fund of approximately R289 million over the next 24 months thereby reducing the Company's cash contributions to the fund; and
 - having been successful in the Group's challenge in the Western Cape High Court in respect of the deductibility of freeplay for purposes of the calculation of gaming taxes, the Group will have a credit against which future gaming taxes payable will be set off.

3.3 Details of the Proposed Rights Offer

The Proposed Rights Offer is intended to be completed on the terms and subject to the conditions to be stipulated in the Rights Offer Circular to be posted to Shareholders during July 2020.

Further details relevant to the proposed resolutions and/or the Proposed Rights Offer will be announced to Shareholders on SENS in due course.

4. INTENDED USE OF THE FUNDS

As indicated in paragraph 3.2 of this Circular, the rationale for the Proposed Rights Offer is to improve Sun International's liquidity in order to ensure that the Group is well positioned to resume full trading post the Covid-19 pandemic lockdown and to strengthen its balance sheet.

Based on a prudent estimation of when normal trading is likely to resume, the funds raised as a result of the Proposed Rights Offer will be used to ensure that the Group not only recovers post the COVID-19 pandemic but is well positioned to create future sustainable value for Shareholders.

5. MANDATORY OFFER AND WAIVER

The Proposed Rights Offer may result in a Shareholder or any other third party which undertakes to underwrite the Proposed Rights Offer, acquiring (with any related or inter-related parties and/or any persons acting in concert with it) more than the Prescribed Percentage of the voting rights attaching to the Shares in terms of section 123 of the Companies Act. In such event and in terms of section 123 of the Companies Act, such a person would be obliged to make a Mandatory Offer to the remaining Shareholders of Sun International. In accordance with Takeover Regulation 86(4), Shareholders may waive their right to receive a Mandatory Offer.

It would manifestly not be the intention of any such Shareholder or third party to obtain control of Sun International and the risk of a Mandatory Offer being inadvertently triggered would prejudice participation in and the underwriting of, the Proposed Rights Offer. Accordingly, and in order to achieve the desired capitalisation of the Company by way of the Proposed Rights Offer without exposing Shareholders or underwriters to such an unintended consequence, Independent Shareholders will be requested to waive the right to receive any Mandatory Offer by way of an ordinary resolution to be proposed at the General Meeting. This resolution must be approved at the General Meeting by Independent Shareholders holding more than 50% of the voting rights held by all Independent Shareholders present at the General Meeting.

The TRP has advised that it is willing to consider the application to grant an exemption from the obligation to make a Mandatory Offer if the majority of Independent Shareholders waive their entitlement to receive any such Mandatory Offer by resolution in accordance with Takeover Regulation 86(4). The TRP has not considered the commercial advantages or disadvantages of any possible Mandatory Offer or the Proposed Rights Offer when reviewing and/or approving this Circular.

Included in the Notice of General Meeting is a resolution for the Waiver of Mandatory Offer for Independent Shareholders to consider and, if deemed fit, to approve at the General Meeting. Should the requisite majority of Independent Shareholders vote in favour of the Waiver of Mandatory Offer, an application will be made to the TRP to exempt any Shareholder or underwriter from any obligation to make a Mandatory Offer which it might otherwise be obliged to make in terms of section 123 of the Companies Act as a result of the implementation of the Proposed Rights Offer.

Any Shareholder which wishes to make representations relating to the exemption to be sought from the TRP shall have 10 business days from the date of the posting of the Circular to make such representations to the TRP before the ruling is considered. Representations should be made in writing and delivered by hand, posted, couriered or faxed to:

If delivered by hand, posted or couriered: The Executive Director

and should reach the TRP by no later than the close of business on Tuesday, 30 June 2020 in order to be considered.

If any representations are made to the TRP within the permitted timeframe, the TRP will consider the merits thereof before making a ruling.

6. INFORMATION REQUIRED IN TERMS OF THE COMPANIES REGULATIONS

7. THE PROPOSED AMENDMENTS TO THE MOI

7.1 Rationale for the Proposed Amendments to the Sun International MOI

The Board has proposed amending its MOI to, among others, increase its authorised shares for purposes of the Proposed Rights Offer and to further align it with recent changes to the Listings Requirements and any applicable legislation, including the Companies Act.

The principal amendments being proposed to the MOI are summarised below.

- **Issue of Shares**

Article 5.1.1: It is proposed that the authorised share capital of the Company be increased from 200 000 000 (two hundred million) Shares to 800 000 000 (eight hundred million) Shares in order to accommodate the Proposed Rights Offer. This increase in the number of authorised Shares takes into account the current Share price of the Company and the expected number of Shares that will need to be issued at a discount to the then prevailing market price on the date of announcement of the Proposed Rights Offer. This increase in the authorised share capital will, following Shareholder approval, be implemented in accordance with section 36 of the Companies Act and submitted to CIPC for approval.

- **Proxies**

Article 21.4: It is proposed that article 21.4 of the Company's MOI be amended to accurately reflect section 58(l) of the Companies Act and a recent Supreme Court of Appeal decision which held that *at any time*, a shareholder of a company may appoint any individual as proxy to participate in, and speak and vote at, a shareholders meeting on behalf of a shareholder.
